This dry cider is a rustic blend of 12 apple varieties from local orchards. Our ciders are traditionally made: we pick all apples at peak of ripeness, and ferment in small lots until dry. At bottling, we add a dosage for a true and unique bottle conditioned cider. This cider contains lees.

Horse & Plow Winery is owned by husband and wife team, Chris Condos and Suzanne Hagins. We started Horse & Plow in 2008 to merge the best of old and new world techniques and produce authentic, hand-crafted wines & ciders. Utilizing organic farming, small lot fermentations and traditional techniques we make balanced, food friendly and site specific

wines & ciders. Our organic vineyards & orchards dot the North Coast of California; including Sonoma, Napa & Mendocino Counties. These sustainable practices allow us to craft wines with greater complexity and sense of place, while caring for worker health and the environment. Our wines &

ciders are made naturally with no synthetic nutrients or additives; no GMO's, are vegan and contain low sulfites. We strive to convey a sense of time and place in every handcrafted bottle, we hope you enjoy. To learn more about our organic winegrowing, please visit us online or in person.
